

Weeds, CO2, climate, and health

Author(s):	Ziska LH, Dukes JS
Book:	Weed Biology and Climate Change
Year:	2010
Publisher:	Wiley-Blackwell (Oxford, England)

Abstract:

This chapter contains sections titled: Introduction, Direct Effects, Indirect Effects, Weeds as a Facilitator of Disease Vectors, Summary, References.

Resource Description

Exposure :

weather or climate related pathway by which climate change affects health

Ecosystem Changes

Geographic Feature:

resource focuses on specific type of geography

None or Unspecified

Geographic Location:

resource focuses on specific location

Global or Unspecified

Health Impact:

specification of health effect or disease related to climate change exposure

Infectious Disease

Infectious Disease: Vectorborne Disease

Vectorborne Disease: General Vectorborne

Resource Type:

format or standard characteristic of resource

Review

Climate Change and Human Health Literature Portal

Timescale: 

time period studied

Time Scale Unspecified
